

SOCIETY OF SAINT VINCENT

GLOBAL TRAINING
THE RULE

We have come together moved by Christian piety. That is why we look only to the spirit of our religion, found in the example and words of Our Lord, in the teachings of the Church and the lives of the saints, to govern our conduct.

“The Rule and Statutes”

is the expression used to describe the

Rule of 2003 as a whole, with its 3 parts

THE PRESENT RULE HAS 3 PARTS

I. “The Rule”, which summarizes our spirituality

II. “The statutes of the International Confederation”

This covers the internal regulations of the international association

III. “The conditions to be applied in writing internal statutes for superior, assimilated and associated councils”

These are the provisions that have to be included in the various Rules for National/Superior Councils

PART 1: “THE RULE”, A SUMMARY OF OUR SPIRITUALITY

This part concerns **all Vincentians**. It describes

1. **The 3 essential dimensions of the Society**

(chapters 1 to 3)

1. HORIZONTAL
Towards the poor whom we serve
2. VERTICAL
To God through Christ: holiness and virtues
3. COMMUNAL
Friendship, mutual support, Servant Leaders, Councils and Youth
(forms a circle around the cross formed by the other 2 dimensions)

PART 1 (cont): “THE RULE”, A SUMMARY OF OUR SPIRITUALITY

It also describes

2. The relations of the Society of Saint Vincent de Paul with the outside world (the network of Charity)

(chapters 4 to 7) These relations are like 4 widening circles, from the nearest to the furthest.

Relations:

4. Between countries – Twinning and Vincentian Family
5. With the Hierarchy
6. With other Churches, Faiths and Agencies
7. With civil society – Social Justice

PART 2: “THE STATUTES OF THE INTERNATIONAL CONFEDERATION”

This part mainly concerns **international officers and membership**
It describes the Society as

- An international association under French law, whose members are the Superior Councils of each country.

There are two conditions for legal membership of the International Confederation. Councils must:

- ✓ Be instituted
- ✓ Be recognised as a legal entity in their own country

PART 2: “THE STATUTES OF THE INTERNATIONAL (cont) CONFEDERATION”

The 2nd part of the Rule also describes

- the mission of the various governing bodies of the international association
- The procedures to follow for Aggregation of Conferences and Institution of Councils

These two terms signify full membership of the Society of Saint Vincent de Paul. The Council General officially recognises that a Council or Conference is living according to the Rule of the Society

PART 3: “BASIC REQUIREMENTS FOR WRITING INTERNAL STATUTES”

This part concerns **all countries and therefore all Vincentians**

The rules of a Superior Council are called its “Internal Statutes”. They must include

- **A variable part,**
with the laws, usages and traditions proper to each country
- **A fixed part common to all countries**
The internal statutes are produced from the model statutes in Part III and called “Required Conditions”.
